RESEARCH STUDENT HANDBOOK 2020 - adelaide.edu.au

This one volume brings together in readable, concise language the authoritative research on effective classroom practices in all major disciplines currently taught in elementary and secondary schools: the arts, foreign language, health, language arts, physical education, mathematics, social studies, and science, as well as generic practices that apply across all disciplines.

Handbook of Research on Improving Student Achievement ...

The Handbook guides readers through the field's rich history, sorts out its component constructs, and identifies knowledge gaps to be filled by future research. Grounding data in real-world learning situations, contributors analyze indicators and facilitators of student engagement, link engagement to motivation, and gauge the impact of family, peers, and teachers on engagement in elementary and secondary grades. Findings on the effectiveness of classroom interventions are discussed in detail.
