dives into the deeper meanings of yoga that go beyond just the postures, which is the aspect that many yoga practitioners focus on.

Yoga: The Science of the Soul by Osho

The science of the soul is not a new dogma or a religion' The Science of the soul is the path on which the spirit is set free from the human mind. We are all spirit, inside a physical body which imprisons the soul. No religion has the power or possess the wisdom to free ones soul. The kingdom of God is within you, and the journey on which the ...

In Yoga, Osho explains the meaning of some of the most important Yoga Sutras of Patanjali, an early “scientist of the soul” who is credited with being the father of Raja Yoga, or the “royal path” of yoga that uses physical postures and breath primarily as a means to achieve higher states of consciousness. With a fresh translation of these ancient texts, and unique Osho insights into the modern mind and its psychology, Patanjali comes to life on the pages with an approach to using ...
