3.5 State- and nation-building Citizenship legislation figures prominently in state- and nation-building projects, in which defining who is a citizen and who belongs to the nation is very important. However, the process of defining citizens may entail excluding people belonging to minorities, as evidenced in the previous discussion on persons of Chinese descent in some South Asian countries.

Nation Building - an overview | ScienceDirect Topics

As such, state building emerged as "the task of building functioning and durable states capable of fulfilling the essential attributes of modern statehood" (Dinnen, 2007; p.2), which included ...

(PDF) The Twin Processes of Nation-Building and State-Building

10Recently, state-building and nation-building have sometimes been used interchangeably. However, state-building generally refers to the construction of state institutions for a functioning state, while nation-building the construction of a national identity, also for a functioning state.

Nation-building - Harvard University

Nation-building is constructing or structuring a national identity using the power of the state. Nation-building aims at the unification of the people within the state so that it remains politically stable and viable in the long run. According to Harris Mylonas, "Legitimate authority in modern national states is connected to popular rule, to majorities. Nation-building is the process through which these majorities are constructed." Nation builders are those members of a state who take the initia

Nation-building - Wikipedia

The term state formation is most commonly used to describe the long-term processes that led to the genesis of modern political domination in the form of the territorial sovereign state. In a few works, the terms state-building, nation-building, or institution-building are used synonymously with state formation.

State Formation - Political Science - Oxford Bibliographies

Nation-building vs. state-building While the terms state-building and nation-building have similar meanings, they are not the same. State-Building: refers to the state's infrastructure and institutions. After a war, a country's roads, railways, airports, water systems, etc. may need to be rebuilt.

What is Nation-Building? Definition and Meaning

Nation-building may be defined as the process through which the boundaries of the modern state and those of the national community become congruent. The desired outcome is to achieve national integration (Reference Works: Concepts and Definitions). The major divide in the literature centers on the causal path that leads to national integration.

Nation-Building - International Relations - Oxford ...

1 The difference between state building and nation building is not always ap-preciated. Simon Chesterman uses only the term state-building, because, he claims, nation-building is specific to post-colonial situations. James Dob-bins and his co-authors at RAND solve the problem in an equally sweep-

State-Building, Nation-Building, and Constitutional ...

PROCESSES OF STATE FORMATION AND NATION BUILDING. NORBERT ELIAS ENGLAND. One of the strangest aspects of the development of sociology during its first century and a half or so as a relatively autonomous discipline is the change from a long-term perspective to a short-term perspective, a kind of narrowing of the sociologists' interest to contemporary societies - and above all to their own societies - as they are here and now, and a withdrawal of interest from the problem how and why societies ...
