Kunstler argues that dwindling oil supplies will intensify a confluence of economic, environmental, and social problems that he terms "The Long Emergency." To cope with these problems, he advises, emphasis must be made on developing local agriculture, local commerce, sustainable transportation, and

Emergency Chapter 7 constitutes about 20% of the entire book, and is a broad speculation on what life may look like without cheap energy. Again the focus is primarily on the US, with specific sub-sections on a few large regions. Kunstler allows that his musings are inescapably limited and personal.
