What Is Cardiology? Our Cardiology Service provides care to dogs, cats, horses, and other animals with heart, vascular, and lung disease. We are devoted to the care of animals with heart disease and the discovery of the causes and new treatments for heart disease in animals and humans.

### What Is Cardiology?

The Cardiology Service offers the most current diagnostics and treatments for cardiac disease in both small and large animals. Advanced diagnostic modalities including echocardiography, electrocardiography (ECG), angiography, Holter monitoring, and cardiac computed tomography (CT) are available to assess congenital and acquired cardiac disease.
