The novel Borders and Boundaries: Women in India's partition sets up a great framework to describe the brutality and struggle endured by women of this time. The Novel Borders and Boundaries begins by emphasizing on how women were instructed or forced to commit mass suicide, had their body parts such as their feet, hands, and breasts cut off, and were kidnapped and raped in the midst of the regional conflict between the different religious ethnic groups such as the Hindus, Muslims, and Sikhs.

Borders are geographic boundaries of political entities or legal jurisdictions, such as governments, sovereign states, federated states, and other subnational entities. Borders are established through agreements between political or social entities that control those areas; the creation of these agreements is called boundary delimitation.

Border vs. Boundary - What's the difference? | Ask Difference

Healthy boundaries make it possible for you to respect your strengths, abilities and individuality as well as those of others. An unhealthy imbalance occurs when you encourage neediness, or are needy; want to be rescued, or are the rescuer, or when you choose to play the victim. Signs of Unhealthy Boundaries.
