Literacy Institute, is a sought- after expert in the field of business and financial literacy. She wrote and published the first academic study in the field of business literacy and now consults, coaches, speaks, and writes on the topic.

FINANCIAL INTELLIGENCE

Financial intelligence involves scrutiny of a large volume of transactional data, usually provided by banks and other entities as part of the regulatory requirements. Alternatively, data mining or data matching techniques can be used to identify people potentially involved in a particular activity.

Financial Intelligence, Revised Edition by Berman, Karen

...

Greater financial intelligence, we've learned, helps people feel more involved and committed. They understand better what they are a part of, what the organization is trying to achieve, and how they affect results. Trust increases, turnover decreases, and financial results improve. We came to this philosophy by different routes.

What Is Financial Intelligence?

Since its release in 2006, Financial Intelligence has become a favorite among managers who need a guided tour through the numbers, helping them to understand not only what the numbers really mean but also why they matter. This new, completely updated edition brings the numbers up to date and continues to teach the basics of finance to managers who need to use financial data to drive their ...
