Instruction of Korean as a foreign language (KFL) is making an unprecedented rapid growth both overseas and in Korea. Needless to say, this is due mainly to the near-miraculous development of the Korean economy, the marked increase in the overseas Korean population, and the firm commitment and sincere efforts of the Korean government and relevant Korean organizations to globalize Korean ...

Hi, I couldn't find the audio for the Hangul section of the 3rd Edition Workbook? Are they available?

3rd Edition | Beginning One Audio Lesson 1 - 7

would it hurt to leave a few seconds after each question so you don't have to rush to pause it immediately to write down answers? a few seconds in between each file would help as well. the rushing seems unnecessary and creates a tense environment for learning.

I recommend this book to anyone who is serious about learning Korean. The price is also very cheap for what you get out of this book, compared to similar college textbooks. There are some drawbacks, of course: there's no answer key without going through a registration process through the website which will also cost \$10 or so.

Very good book! The information is presented well. Each lesson contains just enough to challenge you but not overwhelm you. Perfect for self-study or in a class. The online supplements (audio files) are so helpful for listening practice as well. I plan to use this book again and again and would definitely recommend for any Korean wannabe speaker.
