The title is set in Pentagram's logo font which I believe is AT Modern Twenty after a few googles. The word "Marks" is printed in the slightly-blueish-red tinted slightly lighter and also subtly debossed, which adds a bit of class. The spine is perfectly minimalist, perfect bound, sans-serif, even the publishes logo looks good.

A pentagram (sometimes known as a pentalfa, pentangle or star pentagon) is the shape of a five-pointed star. Pentagrams were used symbolically in ancient Greece and Babylonia, and are used today as a symbol of faith by many Wiccans, akin to the use of the cross by Christians. The pentagram has magical associations. Many people who practice Neopagan faiths wear jewelry incorporating the symbol.

Pentagram is an American heavy metal band from Alexandria, Virginia, most famous as one of the pioneers of heavy metal, and the subgenre of doom metal in particular. The band was prolific in the underground scene of the 1970s, producing many demos and rehearsal tapes, but did not release a full-length album until reforming in the early 1980s with an almost completely new lineup.
